

Girls Program Overview & 2008 Activities Schedule

The Mission of the GSGA Girls Program: "To encourage young girls to learn the game of golf; to foster developmental opportunities, and to increase both competitive and non-competitive playing opportunities for girls in Georgia."

The GSGA Girls' Program was first started in 1989 with the intent of providing girls opportunities to enjoy the game of golf regardless of their playing ability. The program was reintroduced at the start of 2005, forming a committee representing each section of the state. The program continues to focus on providing both educational and instructional programs for girls 17 and under. The program offers an event schedule for both the advanced and beginning golfer.

The program promotes and hosts a number of instructional clinics throughout the year, as well as the Girls' Championship and Junior Sectional Program. A complete list of these events is listed below and will continue to be updated as the year progresses.

If you would like more information on the program or to add your junior girl golfer to the mailing list please e-mail seasley@gsga.org for more information.
